# Salad Kwickload®

Product Description:

The Kwickload® Salad Pusher System is the latest innovation in our pusher system collection.

Its sleek and visually minimal design is ideal for pushing produce products.

Our Kwickload® Salad Pusher System allows for quick and easy product restocking and rotation. The efficient system pulls out and locks paddle back for easy, one-handed loading. A variety of fronts and mounting options are available, making it ideal for all merchandising needs.

Key Advantages:

- Revolutionary slide-out mechanism allows for no-hassle, single-handed reload

- Paddle remains locked in place for easy product loading

- Multiple mounting options including on-shelf and crossbar systems

- Heavy duty construction ensures durability and reliability even in the cold

Upgrade your shelving with our Kwickload® Salad Pusher System!
