

Meat Kwickload®

Product Description:

Our Kwickload® Pusher System is the latest innovative in our pusher system collection. Its sleek and visually minimal design is ideal for pushing meat products. The Meat Kwickload® Pusher System allows for quick and easy product restocking and rotation. The efficient system pulls out and locks paddle back for easy, one-handed loading. A variety of fronts and mounting options are available, making it ideal for all merchandising needs.

Key Advantages:

- Save on labour costs and boost sales
- Clear lens makes product selection a breeze
- Self-facing makes cooler attractive and compelling
- Easy to install

Upgrade your shelving with our Meat Kwickload® Pusher System!
